

S.S. "HOMELAND"

It is submitted the Glasgow Surveyor should be asked to state with regard to the indented stem plate in the first strake below sheerstrake on the port side, as to whether a ~~clean~~ classification certificate can be issued without a subject clause, in view of the Owners' having agreed with the Builders to accept this plate in its present condition and to fair it at a convenient opportunity and to the Surveyor's report that the plate is efficient, for the vessel.
