Telephone: ROYal 9166

Telegrams: Committee, Fen, London

17th June, 1958.

Dear Sirs,

Lassn(S)

Steamer "AFRICAN SKY"

Reverting to your letter of the 8th May, the Surveyors at Rotterdam have now written to say that this ship is in drydock at Flushing and that the American Bureau Surveyor is in attendance.

The Master has stated that the boilers were surveyed in Italy in March, 1958, by the American Bureau Surveyors and the Principal Surveyor for the American Bureau at Rotterdam has intimated that it is the Owners' intention to have the ship classed with his Society, but at the present stage he has no confirmation that the ship has in fact been accepted for class.

I shall be glad if you will contact the Owners' Agents and inform the Rotterdam Surveyors of the intentions in regard to classification as soon as possible with a copy of your letter to this office.

Yours faithfully,

Assistant Clerk to the
Classification Committee.

The Surveyors,
GENOA.
