"CABEDELLO"

Mtl.6652.

The Refrigerating machinery and appliances of this vessel were constructed and installed under Special Survey with the exception of the Freon Compressors which the Makers state were subjected to the usual shop test of 150 lbs.square inch.

The compressors have been opened up and examined and found satisfactory.

It is submitted that the compressors might be accepted as in the case of other Canadian built vessels, but the distinguishing mark  be omitted.

It is further submitted that this vessel is eligible for the Record LLOYD'S RMC 7.45.
