Dear Sirs,

Herewith we confirm the receipt of your favour,
dated February 15, 1949, concerning the annual Classification
and Boiler survey of our s.s. "Hugo de Groot".

In connection herewith we inform you that the
aforementioned ship is at present in South Africa and will
be in the end of April on the eastcoast of America.

Prospects are that the "Hugo de Groot" will proceed her voyage afterwards to Holland, enabling us to have the surveys submitted upon arrival, of which we will let you know.

Very truly yours,
