London E. C.

Dear Sir,

We have your favor of the 15th inst. and understand the electric installations which we have fitted into the new steamers "Hektos" "Leo" and "Hesperus" have been approved by your Committee, for which we are very much obliged. However please note we have also fitted similar electric lighting installation into a fourth steamer, viz. the S/s Algol, also built by Messrs R. Craggs & Sons of Middlesbrough last winter. We trust also this installation has met with your approval.

Yours very truly
