Dear Sirs,

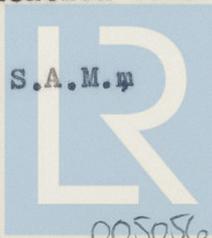

m.s. "ALVA CAPE"

With reference to my letter of the 24th September, I shall be glad to learn if you are yet in a position to let me know when and at which port the machinery condition of class is to be dealt with this month, in order that the Society's Surveyors concerned may be advised.

At the same time, I would refer to the second page of the memorandum regarding the outstanding Continuous Survey cycle items of the machinery, and I shall be glad to learn what early arrangements are proposed to be made regarding the examination of those items which have not been seen by the Society's Surveyors for the past four years.

Yours faithfully,

Clerk to the  
Classification Committee
