Lloyd's Register of Shipping,

High Close, Wokingham, Berks.

6th November, 1942.

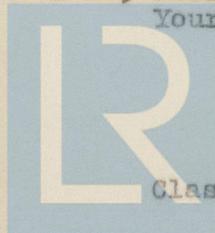

Dear Sir,

I am in receipt of your letter of the 28th ultimo respecting the motorship "NASSA", and with regard thereto may say that the spare gear list and various certificates duly came to hand.

Amongst the latter documents appears an invoice from Stewart & Lloyd's Ltd., regarding Bessemer Steel pipes for various purposes, and I shall therefore be obliged if you will request the Greenock Surveyors to confirm whether the steam pipes are of this material as no reference is made to this effect in their report.

I am, Dear Sir,
Yours faithfully,

The Secretary,
GLASGOW.
