Lloyd's Register of Shipping

Port of Vancouver, B. C.

21st July, 1944.

This is to Certify *that I have*

Surveyed the Boilers and Machinery of the Steel Single Screw Steamer, "YONG PARK" (launched S.S. "FORT HIGHFIELD"), 7,163 tons gross, during installation on board at Messrs. North Van Ship Repairs, Limited, North Vancouver, B.C., their Hull No. 143, (the Boilers and Machinery having been previously constructed under the Special Survey of the Society's Surveyors),

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have

Recommended that the record of L.M.C. 7,44, subject to the mast head and sidelight wiring and all other P.V.C. cables fitted on deck, being examined within two years before the end of 7,46, - - - - -

be made in the Register Book in the case of this vessel.

J. Caldwell

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society.

(CERT. B1.)
