

LLOYD'S REGISTER OF SHIPPING

449-450 BOURSE BLDG.

PHILADELPHIA, PA.

February 21, 1931

The Chief Surveyor,

New York, N. Y.

S.S. "COMET"

Dear Sir:

I have to acknowledge the receipt of your letter of the 20th inst. and have to confirm telephone conversation as follows:- the number of side girders in way of the engine and boiler room double bottom tanks is three (3); thickness under Engines .50" and thickness under Boilers .54".

Yours very truly,

(signed)

O. NARBETH.
