Dear Sir,

Motorship "GEM"

With regard to the Continuous Survey of the machinery, I shall be glad if you will advise the Owners that the main engine crankshaft, crankpins and bearings have not been examined for approximately six years and request them to make arrangements for these items and also the auxiliaries, including the compressors and air receivers, to be examined at an early date.

Yours faithfully,

The Secretary,  
NEW YORK.

Deputy Clerk to the  
Classification Committee.
