QUESTION

With reference to my letter of the 28th July last, I shall be glad to learn what arrangements are proposed to be made for the Special Survey to be held by the end of next month.

In view of the new Rules, a Steampipe Survey should be held by the completion of the Special Survey.

I take this opportunity to remind you that the Main Boiler Survey will become due at the end of June.

The Owners advise that they do not intend to proceed with the Special Survey, as it is their intention to scrap the vessel.
