Dear Sirs,

## CLASSING LETTER

C.  
DHCK/DET

301 "EOLO". As recommended. It is concluded that as you have recommended deferment of the Special Survey, the spaces under the boilers were examined with satisfactory results.

It is also concluded that the safety valves of all three boilers were adjusted to the working pressure in view of the fact that no statement to this effect appears in your report, but this should be confirmed as soon as possible.

Yours faithfully,

pro Clerk to the  
Classification Committee

The Surveyors,  
GIJON.
