R-P:D.

Dear Sir,

"THEODOSIA" now named
"PANACHIA SIRIOTISSA"

Further to our memorandum of 20th October, we understand from the new Owners, Messrs. Stravelakia Bros. Ltd. of Bouboulinas 26, Piraeus, that the above vessel is at present en route from Novorossisk to Casablanca and they have undertaken to carry out the Main Boiler Survey on arrival at that port.

It is further understood that the fire damage sustained at Novorossisk is fairly considerable and it is recommended that the Casablanca Surveyor be instructed to ascertain its extent when the vessel comes under his survey.

Yours faithfully,
The Surveyors

The Secretary,
London
