S.S. "BOKKEVELD"

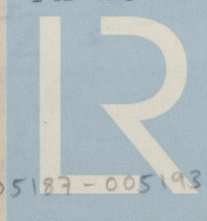

With reference to your letter of July 9, we now enclose received from the British Corporation non-exclusive surveyors at Port together with the form C.11 and copy of provisional loadline certificate to therein.

As regards the classification of this ship, we have to inform you survey reports and other documents were placed before the British Corporation interim Committee today, and the ship and machinery classed BS respectively, subject to confirmatory survey. In accordance with British Corporation practice, however, the classification certificates be issued until a satisfactory confirmatory survey report has been

Yours faithfully,

Mr. C. S. ...
For the Surveyors.

Secretary,

Submitted Plythwood signed to inform that we are
communicating with the Society's exclusive surveyors at Cape Town
in regard to the confirmatory survey. It seems the ship at present
does not hold a valid load line certificate & any information on this
fact Plythwood Sq. should be sent there 24/8
Enclosure attached which is still in order 24/8
