

S.S. "WATERWAY" - No. 76888 in the R.B.
=====

This steamer originally appeared in the R.B. under the name of "MERCIA", but when the full classification particulars were "posted" in November 1921 under "WATERWAY", which was her registered name, and was so reported from Malmo , her intended name of "MERCIA" was withdrawn.

The Malmo Surveyor enters her in the December quarter Shipbuilding Returns of 1921 under "completed vessels" as "WATERWAY", and the name of "MERCIA" did not appear on the Swedish Register, or on the usual Returns, of Swedish vessels, received last Spring, for the correction of the records in the R.B.
