The Secretary,
Lloyd's Register of Shipping,
WOKINGHAM.

Dear Sir,

S.S. "LARISTAN"

We are in receipt of your notification of the 19th instant with regard to survey of the screw shaft of the above vessel, which became due at the end of January. Since the early days in January this vessel has been repairing rudder and stern shaft damage at Rio de Janeiro and we fully expect the screw shaft has been surveyed there. We are, however, making enquiries about this and in due course will write you again.

Yours faithfully,
FOR COMMON BROTHERS LIMITED,

D. E. Carr
Director.
