Enclosures

Dear Sirs,

Steamer "SAN CASTO"

Reverting to your letter of the 20th February last, I have to inform you that the Committee have now had before them the report of survey carried out at South Shields by the Society's Newcastle Surveyors from February/June last.

In view of the satisfactory nature of this survey the Committee have assigned notations of S.S. Sh1 - 6,52 (Dr) and LMC 6,52, and have given instructions for the service limitation to be deleted, the class being thereby restored to LOCAL Carrying Petroleum in bulk.

Records of docking survey 6,52 and Screwshaft renewal 5,52 have also been assigned and I have pleasure in enclosing Classification Certificates on hull and machinery herewith.

Yours faithfully,

Pro Clerk to the  
Classification Committee.
