Sunderland 27th Jan'y. 1928.

Dear Mr. Wall,

I am in receipt of letter of the 25th inst. with reference to the estimated Under Linnage of the "San Casto" on basis of ordinary floors & framing. As requested I have seen the clerks & they have informed me after going into the matter that an error was made in they gave me the figures of 20 tons, which should be tons & wish me to convey regret. Trusting same is in order. With kind regards.

Yours faithfully,
James Dickie
