QUESTION.

ANSWER.

With reference to your memorandum of the 20th December last, I shall be glad to learn what further arrangements have been made for the Boiler Survey to be completed.

San

Date:— 7th. February 1930.

This vessel has been placed on the slipway at this port this week for certain repairs and I offered my services to the owner, who stated that he desired to discontinue the vessel's class with this Society and transfer her to Det Norske Veritas. I asked him to be kind enough to give me this information in writing but I have, however, so far not received any letter from him.
