Dear Sirs,

CLASSING LETTER

2489 "BIOKOVO". As recommended except that class has been continued subject, *inter alia*, to a bower anchor and 60 fathoms of chain cable being supplied at the earliest opportunity.

It is noted from your report that this equipment will be placed on board by the end of April but in view of the fact that the year of grace for the completion of the Special Survey expires at the end of next month, it is considered that this matter should receive attention by that time.

I shall therefore be glad to know what arrangements the Owners propose to make for this matter to receive attention by that time and also what arrangements have been made for the Special Survey to be held.

Yours faithfully,

pro Clerk to the
Classification Committee

The Surveyors,
SPLIT.
