

(Pe)
S.S. "DRAKE", No. 75163 in the Register Book.

This vessel is of the complete superstructure type.

It is proposed to fill in No. 3 hatchway on the shelter deck and construct in way of this space an additional deckhouse joined up to the after end of the engine casing. A boat deck is to be fitted over this house extending to the ship's side.

A plan, in duplicate, shewing these alterations has been handed in by a representative of Messrs. Green & Silley Weir, Ltd.

It is submitted that provided the arrangements be carried out as shewn and amended on the plan and to the satisfaction of the Society's Surveyors, the same will be approved.

One copy of the plan has been handed to Messrs. Green & Silley Weir's representative.
