WOKINGHAM, Berks. U.K.

M.V. "ARMADALE".

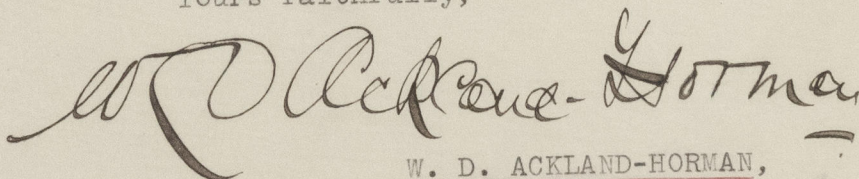

Dear Sir,

The Captain of the above vessel has been instructed by his Owners to have the Annual Loadline Survey done at this port. I fail to understand it as this will make the fourth time that this has been done within thirteen months.

I am issuing a Provisional Certificate and copy of same is enclosed, also original and copy of the International Loadline Certificate.

I trust that this is in order.

Yours faithfully,

W. D. ACKLAND-HORMAN,  
Surveyor to Lloyd's Register.
