WOKINGHAM Berks.

Sir,

"ARMADALE"

We thank you for your letter of the 18th September regarding Load Line Survey of this vessel, which is due on 15th December.

She is now repairing in Wellington, and then proceeds to Australia to discharge, and after loads for this country. It probably be most convenient if this survey is done at Australian main port before the date of expiry, and we write to our Head Agents in Australia, Messrs. Birt & Co. Ltd., Sydney, desiring them to attend to this.

We trust that this will meet with your approval.

Yours faithfully,

FOR THE AUSTRALIND STEAM SHIPPING CO. LD
