Enclosures.

1st February, 1932.

Dear Sirs,

I am in receipt of your letter of the 30th ultimo enclosing a plan, in triplicate, shewing the proposed arrangement of scuppers, freeing ports and bulkheads for Messrs. Swan Hunter & Wigham Richardson's No. 1477, but with regard thereto I have to state that the intention of the suggestion made by the Board of Trade was that the proposed arrangement should be submitted to them.

I shall therefore be glad if you will request the Builders to submit the matter direct to the Board of Trade.

Two copies of the plan are returned herewith, the remaining copy being retained for record.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,  
SUNDERLAND.
