Asia Insurance Building,
SINGAPORE.

Dear Sirs,

S.S. "SAIDJA"
SPECIAL SURVEY REPAIRS

This vessel becomes due for Special Survey repairs in December 1958, and should it be decided to execute the necessary steel renewals to place "SAIDJA" in a world-wide trading class, or even retain her in the present restricted class, we are most desirous to have the appropriate repairs carried out at Hongkong.

In this connection it is appreciated that suitable sanction will require to be given for the voyage to the repair port, and at this juncture we should be very much obliged if you would pursue the matter and let us know the outcome of your overtures.

Yours truly,
For: SHELL TANKERS LIMITED,

Signed: W. A. Edward
for Manager, Technical Department.

D.
