Dear Sir,

S "MASCARA"

e "SOFLUMAR", owner of the s/s "MASCARA", (please see my report N9  
st informs me that they ordered one bower anchor and 30 fathoms of  
chain from the Firm "Sirot-Mestreit" of Saint-Amand, for the above  
vessel, but without possibility of fixing a delay of delivery.

do not know if they ordered it with Lloyd's survey and I think it  
be advisable to inform the Surveyor in charge of the District.

S "SAINT-BERTRAND"

was invited to the official delivery of the "WAR CROSS" to this ves-  
d I had the opportunity to have a conversation with the Chairman  
e General Manager of the Cie Generale Transatlantique about the e-  
nt of this vessel; they agreed to give orders to the Technical Ser-  
or ordering at once everything required for obtaining the Class  
I; so I think I shall be able to recommend the Class 100-A-I, sub-  
o the missing chain-cables and wires to be supplied at 1st opportu-  
must specify that this vessel has a stern hawse-pipe with a steam  
heavier than rules, and about 120 meters of 40 m/m chain.

Yours very Faithfully.
