Dear Sirs,

Steamer "MARYSTON"

I have your letter of the 19th April and note that the conversion of this ship to diesel machinery is to be completed under the jurisdiction of the Ministry of Transport Surveyors.

You will appreciate that if this ship is to retain her class with this Society, it will be necessary for plans of the new machinery and of any structural alterations to the hull to be submitted to this Office for approval and for the work of installation to be carried out under the inspection of the Society's Surveyors. It is concluded you will therefore arrange for the necessary plans to be submitted for consideration before the installation work is actually commenced.

Yours faithfully,

Deputy Clerk to the  
Classification Committee.

Messrs. Shippon Ltd.,  
302/308, Salisbury House,  
Finsbury Circus,  
LONDON, E.C.2.
