LLOYD'S REGISTER OF SHIPPING

Port LONDON.

12th October, 1957.

This is to Certify that I have

Surveyed the Boiler and Machinery of the S.S. "SHILLON",

9934 tons gross of London whilst lying afloat in London,
for Advancement of the Continuous Survey of Engines and
for the re-adjustment of the Starboard Boiler saturated
safety valve after reconditioning,

and that I have transmitted to the Committee of Lloyd's

Register of Shipping, London, a Report stating that all

recommendations made by me in connection therewith have

been carried out to my satisfaction, and that I have

Recommended that the record of Continuous Survey of

Engines (with Date),

be made in the Register Book in the case of this vessel when

the survey has been completed.

Parts now examined :-

Main ahead and astern manoeuvring valves.
Independent Outboard Auxiliary Feed Pump.

Engineer Surveyor to Lloyd's Register

R. J. DUNN.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."

Cert. B.1. (C.S.) 50m.6.56.

(MADE AND PRINTED IN ENGLAND.)
