71, Fenchurch Street, E.C. 3.

5th November, 1927.

Dear Sirs,

M.

With reference to Mr. Edwards's First Entry Report No.17275 on the s.s. "PENTOR", the Burntisland Shipbuilding Co's No.141, I shall be glad if he will state whether he is correct in reporting the bridge side plating butts treble riveted; also it is concluded that the spacing of the rivets in the seams of the shell plating, and the tests of the hawsers and warps, are as required by the Rules.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

LEITH.
