The Secretary
New York

J.B. *S. P. M. S. G. R. S. C.*

Dear Sir,

We beg to acknowledge your letter of the 7th inst., with reference to Report No 101 on Survey of the Steamer "Kiowa". In reply to your inquiries we may state that spacing of the bridge and fore-castle beams are 24 inches apart and that the tank top plating in way of the Hatch way is 16.3 pounds, as approved and as fitted in the sister ships.

Yours very truly,

For the Surveyors,

Ernest Edwards
