

Tajr. 22587

ARTHUR OZOLS,

Ship and Engineer Surveyor
to
Lloyd's Register of Shipping

Riga, 26th March 1930.
Brīvības iela 35

Dear Sir,

On request of the owners of s.s. "KURZEME" I am surveying at present some repairs, recommended by me, in tween deck and lower bunkers of the vessel and I am also carrying out the boiler survey. The owners want me to report these repairs as a part of the outstanding Special Survey No.3 and they request me to survey all those parts of the vessel which were not submitted to the survey last year at Rotterdam in accordance with your letter addressed to the owners some days ago.

I kindly ask for instructions.

I am, Dear Sir,

Yours faithfully,

The Secretary,
Lloyd's Register of Shipping.
