

S.S. "UNA" ex "KOMET"

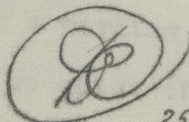

No. 95713 in the R.E.

Syd.rpt.8572.

The First Entry report on machinery, together with plans of shafting and pumping arrangements were dealt with in an endorsement dated 20/3/25. A First entry report on the boilers, together with a plan of same has now been received.

The scantlings of the boilers as shown on the plan meet the requirements of the Rules for the working pressure of 180 lb.per sq.in. to which the safety valves on all boilers have been adjusted.

It is submitted the boiler might be accepted for the working pressure of 180 lb. per sq.in.
