

T. S. S. "PORTO SEGURO", No.235 building by Messrs. Murdoch & Murray, with a view to class A1, "Brazilian Coasting".

A letter has been received from the Greenock Surveyors stating that the following equipment for the vessel is now in the Yard and requesting to know whether the same could be approved.

The equipment supplied and that required by the Rules are as follows, viz:-

		Proposed to be supplied			Grade 6000 to 6700 As required by the Rules.		
		cwt.	qr.	lbs	cwt.	qr.	lbs.
1st Bower	Anchor	10	2	0	10	1	0
2nd	" "	10	1	21	10	1	0
Spare	" "	8	3	0	8	3	0
Stream	" "	3	2	0	3	2	0
Kedge	" "	1	2	0	1	2	0
165 fms.	1 1/16" Stud Link				165 fms.	1/16" Stud Link	
70 "	2 3/4" Steel Wire				60 "	2 3/4" Steel Wire	
60 "	2 3/4" " "				75 "	2 1/2" " "	
2 @ 60	2" " "				90 "	5 1/2" or 2" "	

It is submitted that as the equipment supplied is equivalent to that required by the Rules, the same could be approved.
