LLOYD'S REGISTER OF SHIPPING,  
SYDNEY.

28th June, 1932.

The Secretary.

Sir,

With reference to the applications for assignment of freeboard for the vessels "AORANGI", "NIAGARA", "MONOWAI" and "HAURAKI" received at this Office, the "AORANGI" sailed from this port last week, and the particulars as required to be entered on the report of survey for freeboard C.11, were taken, and these will be forwarded to you next mail.

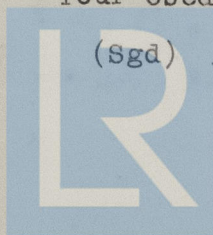

The Owners request the freeboards to be calculated under the 1906 Rules. As particulars of the sheers will already be available in the London Office, and the time for carrying out our survey was limited, these have not been taken.

In the case of vessels when the freeboards are to be calculated under the 1906 Rules, I request to be advised if it is necessary to again measure the sheers,

I am, Sir,

Your obedient servant,

(Sgd) A.C.HERON.
