s.s.No.2-21

The Annual Survey of this vessel's boiler became due in June last, but the Calcutta Surveyor now forwards a letter from the Owners intimating that it is not desired to maintain the classification of the vessel in the Society's Register Book.

In the circumstances, the Classing Committee, who had the case before them on Tuesday, 9th instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

11th October, 1923.
