A letter was recently received from the Owners in reply to enquiry stating that the vessels were classed with the Bureau Veritas.

The Paris Office have been communicated with and they now state that the Owners as soon as they purchase a vessel class her with the Bureau Veritas, and in the opinion of the Surveyors any steps they might take to persuade the Owners to go back on their decision regarding the classification would be futile.

It is submitted that in the circumstances the classes of the vessels should be withdrawn from the Register Book and three dots inserted in lieu thereof, indicating withdrawal of class at Owners' request.
