18th September, 1936.

Dear Sirs,

F. I am in receipt of your letter of the 17th instant with verification of marking form in respect of the steamer "WULSTY CASTLE", and with regard thereto have to acquaint you I am advised by the new Owners that the name of the vessel will be changed to "CRAGGAN" when the registration is completed, but that the port of registry is not yet decided. They have promised to advise this Office when full particulars are available and on receipt of the same a Freeboard Certificate and copy will be despatched to you for issue.

I have to request that you will forward particulars of the additional stiffening fitted to the exposed parts of the machinery casing in order that the freeboard report on the case may be completed.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

AMSTERDAM.
