

## LLOYD'S REGISTER OF SHIPPING,

440-450-451, BOURSE

## PHILADELPHIA

Hog Island, October 16, 1919.

Dear Sir:-

In reply to your letter of October 15th in regard to Reports Nos. 3375, 3376 and 3377, Steamers "LIBERTY GLO" "CORSON" and "CASPER" I have to inform you that the bulkhead stiffeners are as approved.

With regards to the test figures for Chain Cable in cases of Steamers "CASPER" and "CORSON", certificates number 1716 and 1717 respectively, I have to state that the test figures in both cases are 91 1/8 Statutory proof test and 127 5/10 Breaking test. It is regretted that these tests were not more clearly shown.

It should be noted that the Report No. 3377 refers to the Steamer "CASPER" not "CASPIAN" as given in your letter.

Yours very truly,

The Secretary,  
New York.
