LYDD'S REGISTER OF SHIPPING.

MOBILE, Ala. August 22nd, 1903

The Secretary,
NEW YORK.

Dear Sir:-

Concrete Steamers "DINSMORE" &

I have to acknowledge receipt of your letter of the 19th instant with reference to my letter of the 15th July. S.S. DINSMORE
H. Osbon.

I have visited both these vessels about fourteen miles above Mobile. On examination, regarding additional arrangements find a separate donkey system, with regard to same enclose letters exchanged with the Master of the United States Shipping Office. I now had an interview with Mr. Miller who has a letter from D.T. can be seen there is no prospect of the vessels, La., which please. I did not go into service at Mobile going into service they do not wish to go to any expense concrete steamer "LATHAN", estimates view to removal of the propelling machinery. The above vessels are at Mobile, and the additional

The Jacksonville Surveyor advised that the safety valves were adjusted in his presence at 208lbs, and that the pressure fitted is 5' 9 1/2" which is in accordance with this time."

Very truly,

Yours S.K. Miller.
Manager of Repairs.
