Dear Sir,

H.

I am in receipt of your letter of the 20th ultimo intimating that the Boiler Survey of the steamer "HORACE S. WILKINSON" will be carried out before the vessel is again placed in commission next Spring, and in reply I have to say that in the circumstances the Committee, who had the case before them at their Meeting to-day, are agreeable to this arrangement.

I shall be glad if you will inform the Owners accordingly and advise me should the vessel be again employed without being submitted to the requisite survey.

I am, Dear Sir,

Yours faithfully,

(Copy to NEW YORK)  
Secretary.
