9th October, 1923.

Dear Sirs,

H.

With reference to the classification in this Society's Register Book of the ferro-concrete barges "CRETACITE", "CRETESCOAL", "CRETESCOPE" and "CRETELL", which it is understood are now your property, I beg to acquaint you that these vessels became due for Annual Survey as long ago as November, 1920, and if they are to retain their classes, definite arrangements must be made for the inspections in question to be held without delay.

In the circumstances I shall be glad if you will let me know, for the information of the Committee, what steps you propose taking in the matter.

I am, Dear Sirs,

Yours faithfully,

Assistant to the Secretary.

Messrs. The Anglo-Algerian Coaling Co.,  
6, Place de la Republique,  
Oran, Algeria.
