Steel Sc. "VALLARSA" ex "WAR PROPHET", No. 37290 in the Register Book, 5340 tons gross, built in 1918 at Glasgow by Messrs. Connell & Co., and classed 100A1, class withdrawn and Three Dots inserted in September 1921. Now classed with the Registro Italiano. Owners:- Messrs. Lloyd Mediterraneo.

A letter has been received from Ing. Manfredo Decker, of Genoa, stating that he has been entrusted with the preparation of plans to convert the above named vessel, which is a cargo carrier, into a tanker with cylindrical tanks.

He forwards plans of the proposed alterations, and also a specification, and requests that these might be examined and a copy returned to him corrected according to the Society's views.

As this vessel was withdrawn from the Society's classification in 1921, and is now classed with the Registro Italiano, it is not considered that the Writer's request should be complied with, and he should be referred to the Registro Italiano, with whom the vessel is classed.
