

LOAD LINE VERIFICATION FORM

Hopper Barge "ANDROMEDE NO.1"

On the 24th December, 1935, a French International Load Line Certificate was issued to this Hopper Barge, valid until the 29th March, 1940, and endorsed "and only whilst engaged on Service as a Hopper Barge".

A report on a survey for the renewal of the Load Line Certificate has now come to hand from Mr. G. Valckeneers, the Society's Surveyor at Marseilles, together with a copy of a Provisional Load Line Certificate issued by him pending the receipt of official Certificates, and valid until the 29th March, 1941.

IT IS SUBMITTED for the consideration of the Committee whether a full term Load Line Certificate might now be issued.
