* LMC 11,20
Water Tube Boilers

The First Annual Survey of this vessel's Water
Tube Boilers became due in September last, and in reply to the
usual notice the Owners state that it is not intended to maintain
the classification of the steamer in the Society's Register Book.

In the circumstances the Classing Committee, who
had the case before them on Friday, 2nd instant, decided to give
instructions for the class to be withdrawn from the Register Book
and three dots (...) inserted in lieu thereof, indicating withdrawal
of class at Owners' request.
