26th April, 1918.

Dear Sir Thomas,

With reference to the conversation I had the pleasure of having with you this morning, I beg to enclose a letter which I have addressed to you, as desired, and which I hope will meet your views, regarding the complaint passed on by Sir Robert Balfour about the Survey and Classification of Vessels built on the Pacific Coast.

I return herewith the letters which you kindly left with me.

Yours sincerely,

Sir Thomas J. Storey, K.B.E.,
