Mr. Ward,  
Lloyd's Register,  
PARIS.

"DALILA" & "DORINE".

Dear Sir,

We duly received your letter of the 25th October respecting these two vessels.

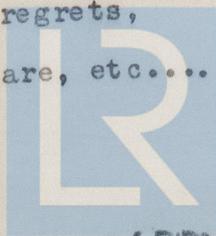

We have examined the question whether it would be possible to leave at least one of these two vessels classed with Lloyd's Register, but it has been pointed out to us that there is a real interest, so as to avoid any complication, to have the two vessels absolutely similar, both classed with the same classification Society.

We see ourselves compelled therefore to our great regret not to entrust to you in future the classification of these two vessels.

We enclose an official request for cancellation in accordance with the information which you were good enough to give us.

With our thanks and regrets,

We are, etc.....
