Dear Sir,

In reply to your esteemed favour of 5th. inst., we  
beg to inform you that in accordance with our contract, the  
boats we have built for Constantinople have to run three  
trial trips, as set forth hereunder.

1. At Regensburg: A trial trip must be run under  
the supervision of your Surveyor from Triest, in order to  
certify the satisfactory working of the engines and boilers.  
We shall be glad if, on completion of the trials, you will  
let us have a certificate stating that each boat answers in  
every respect to your requirements, and that you have classed  
it A1.

2. At Galatz: The speed and consumption trials must  
be carried out at this port and the owners specify that your  
Surveyor should attend to them. On completion of same your  
Surveyor should hand to our representative a report stating  
that the conditions of contract referring to the speed and  
coal consumption have been fulfilled. The latter trial  
trips are entirely apart from your survey during the

construction of the boats, and their classification.

3/. On arrival of the boats in Constantinople a trial must be witnessed by the owners' representative. For this trial no conditions are specified which have anything to do with your Rules.

We shall be glad if you will request your Surveyor in Braila to carry out the trial at Galatz, together with our Engineer and to send a report of the results obtained. It is, of course, understood that we shall pay yours Surveyors fees.

The first boat will arrive at Galatz in about 10 days.

Hoping to hear that you have given the matter your kind and prompt attention we are

Yours very truly
