

T R A N S L A T I O N .

With regard to the boats Nos. 420 - 424 for  
Constantinople I beg to refer to my letter of yesterday's  
and to state that since then your Surveyor Mr. Ives  
had a conversation with our Mr. Hellwig in Regensburg  
regarding the anchor chains. Both gentlemen have come to  
agreement subject to your approval viz;- to lengthen  
each chain from 55 to 66 metres with a view to thus producing  
a weight of <sup>about</sup> 520 kilo. for the two chains. I would then  
order at once the chains and I shall be glad if you will  
let me know by return of post that you are agreeable  
to the same.
