The Third Special Survey No. 2 of this vessel became due in April last, and has been partly carried out.

The steamer has recently changed hands, and the new Owners state that as she is to be engaged principally in the coasting trade, it is not their intention to maintain the classification in the Society's Register Book.

In the circumstances the Classing Committee, who had the case before them on Tuesday, 21st instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
