(How)

This vessel became due for Annual Survey of the Water Tube Boilers in May last, but in reply to enquiry the Owners state she has been transferred to the classification of the Germanischer Lloyd and they request that she be withdrawn from the classification of Lloyd's Register.

In the circumstances the Classing Committee, who had the case before them on Tuesday, 18th instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
